

PRO INDUSTRIAL™ PRE-CATALYZED WATER BASED EPOXY

**EXCEPTIONAL PERFORMANCE.
PROCESS EFFICIENT.
PRO INDUSTRIAL DELIVERS.**

Engineered to provide the adhesion and performance of a two-component epoxy, Pro Industrial Pre-Catalyzed Water Based Epoxy delivers proven performance with the ease of a one-component system. Waterborne and process efficient, Pro Industrial Pre-Catalyzed Water Based Epoxy is an exceptional product choice when you need to balance the needs of busy commercial areas with the performance properties these spaces require.

KEY BENEFITS:

- ✓ Single-component epoxy drives higher efficiency
- ✓ Exceptional chemical resistance
- ✓ Very good abrasion resistance
- ✓ Long-term durability in high-traffic areas
- ✓ No sweat in time or pot-life — ready to use
- ✓ Waterborne for application in occupied areas
- ✓ Available in Eg-shel and Semi-gloss sheens and full range of colors

KEY USES:

- ✓ Bathrooms and locker rooms
- ✓ Hospital, school, and transit corridors
- ✓ Manufacturing facilities and warehouses
- ✓ Correctional institutions
- ✓ Laboratories

PRO INDUSTRIAL™ PRE-CATALYZED WATER BASED EPOXY

High-traffic areas demand exceptionally durable coatings. Pro Industrial Pre-Catalyzed Water Based Epoxy delivers, combining the long-lasting performance qualities of an industrial coating with the aesthetics of an architectural paint.

This one-component, water based acrylic epoxy provides the performance typical of solvent-based epoxies and the adhesion properties expected of a two-component product. Designed to meet the performance demands of the most challenging commercial spaces, Pro Industrial Pre-Catalyzed Water Based Epoxy offers lasting protection against stains and abrasion, and is suitable for use in USDA-inspected facilities. And with a water based formula, this product can be applied in occupied areas, reducing downtime and disruptions in high-traffic areas like transit hubs, institutional restrooms, and commercial facilities.

This premium coating reduces the need for repaints and offers significant savings on long-term maintenance costs. Rely on Pro Industrial Pre-Catalyzed Water Based Epoxy for durability and protection in high-traffic commercial and industrial spaces. With easy application, excellent final appearance, and trusted performance, it is your proven choice for protecting the most challenging public environments.

PRO INDUSTRIAL: SETTING THE STANDARD FOR HIGH-PERFORMANCE COATINGS.

When performance and appearance matter, trust the time-proven line of Pro Industrial coatings from Sherwin-Williams to ensure exceptional durability and lasting aesthetics. These innovative technologies are engineered to withstand high traffic and demanding conditions, making them ideal for busy commercial and institutional environments. Backed by more than 145 years of experience and the support of 2,400 field reps and 4,000 Sherwin-Williams stores, Pro Industrial is truly the professional's choice when performance is critical.

To learn more, contact your Sherwin-Williams representative or call **1-800-524-5979** to have a representative contact you.
